

INVITATION TO THE BREMEN MASS SPECTROMETRY SEMINAR

The Bremen Mass Spectrometry Seminar cordially invites you to a lecture by

DR. MANUEL LIEBEKE

Research associate

Imperial College London /
Max Planck Marine Microbiology

From structure to function: locating metabolites with high resolution mass spectral imaging approaches

on Wednesday, November 20th, 2013, at 16:00

at Max Planck Institute for Marine Microbiology (new lecture hall)

Dr. Liebeke investigates spatial organization of metabolites in invertebrate tissues.
The abstract and short biography of are available at <http://www.bremen-ms-seminar.de/>

There will be a small reception with wine and cheese after the seminar
(sponsored by Bruker Daltonics and Thermo Fisher Scientific).

The Bremen Mass Spectrometry Seminar hosts monthly talks on mass spectrometry
technology and applications. For more information about the Seminar and upcoming
speakers, please visit <http://www.bremen-ms-seminar.de/>
