

INVITATION TO THE BREMEN MASS SPECTROMETRY SEMINAR

The Bremen Mass Spectrometry Seminar cordially invites you to a lecture by

THEODORE ALEXANDROV

Team Leader

EMBL Heidelberg
(U. Bremen / SCiLS / UCSD)

Towards spatial systems biology using imaging mass spectrometry

on Wednesday, Oct 15th, 2014, at 16:00

at Max Planck Institute for Marine Microbiology (new lecture hall)

Theodore Alexandrov's focus is on development of new tools of computational biology that reveal spatial organization of metabolic processes.

There will be a small reception with wine and cheese after the seminar
(sponsored by Bruker Daltonics and Thermo Fisher Scientific).

The Bremen Mass Spectrometry Seminar hosts monthly talks on mass spectrometry technology and applications. For more information about the Seminar and upcoming speakers, please visit <http://www.bremen-ms-seminar.de/>
